<b>Post:</b> <b>Behavior Management Unit: Oakley Training School</b>	<b>Shift:</b> <b>3rd Shift</b>
<b>Effective Date:</b> <b>November 19, 2007</b>	<b>Approved:</b>  <b>Kathy Pittman, Director</b>

All direct care staff (Shift Supervisors, Juvenile Care Workers, and Military Training Instructors) employed by the Mississippi Division of Youth Services (DYS) are directed to comply with all DYS Post Orders. This specific Post Order describes duties and responsibilities for staff to complete and Shift Supervisors to monitor at an assigned Post. This description of duties does not supersede other DYS policies and procedures. Unexpected circumstances do not constitute an exception to following policies and procedures.

### **Assumption of Post**

Direct care staff members shall arrive at the facility in time (at least 15 minutes prior to the beginning of the shift) to receive their Post assignment from the Shift Supervisor. After receiving their assignment, staff members proceed immediately to their Post, complete the pre-shift work and remain present at their Post at the scheduled beginning of the shift.

**Prior to relieving** the staff going off duty and accepting responsibility for the Post, the on-coming staff person must:

1. Receive a briefing from the staff person(s) going off-duty. This briefing includes information needed by staff during the upcoming shift, such as:
  - changes to DYS policy, procedure and Post Orders
  - youth behavior, youth-at-risk and any needed youth precautions or medical alerts
  - scheduled trips, appointments, activity schedule changes
  - repairs or damage that have been or need to be reported or situations to be corrected
  - unusual events or incidents

The staff persons going off-duty log the information shared with on-coming staff during the briefing in the Unit logbook. Each staff member assuming a Post must document the log entry regarding the briefing points with their signature, date and time.

2. Review the entries to \*Unit logbook over the previous week, or entries since the on-coming staff person was last on duty. Document the logbook review with signature, date and time.

- \* Staff must maintain the Unit logbook up-to-date, on time, throughout the shift, as per DYS Policy. Pages may not be removed from a logbook for any reason. Use black ink only in logbooks. If a correction is to be made, draw a single line through the error and initial it. Do not use “White out” or completely mark out anything. Logbooks are to be kept in a neat and orderly manner. Staff make all log entries legible, with signature, date and time.
- 3. Conduct a face-to-face head count to ensure all youth assigned to the Unit are present and in good health. Coordinate youth head counts with the Control Center throughout the shift (at least hourly). Log the head count in the Unit logbook. Document the head count entry with signature, date and time.
- 4. Complete a security check and inspection of the Unit by walking through the Unit, inspecting all doors (accessible offices, storage areas, etc.), windows, locks, and related security devices. The purpose of the inspection of the Unit locks, security devices and life safety equipment is to ensure all equipment is operating properly and that sanitation problems do pass from shift to shift. Log any problems identified in the Unit logbook and report it to the Shift Supervisor, immediately. Complete a maintenance request form for any broken or inoperable equipment, as required. Log the completion of the security check and Unit inspection, as well as any action taken, in the Unit logbook. Document the check and inspection in the Unit logbook. Document the log entry with signature, date and time.
- 5. Account for all Unit keys. Count the keys with the staff going off-duty as a method to receive the keys from the person going off-duty. Keep assigned Unit keys in personal possession, at all times. Do not put keys down. Do not hang keys on clothing or a belt without a safety clip. Notify the Shift Supervisor immediately if a key is lost, missing or broken. Log the key count in the Unit logbook. Document the key count with signature, date and time.
- 6. Log that shift change has taken place and the names of staff on Unit Post in the Unit logbook. All staff coming on-duty document the shift change entry with signature, date and time.

## General Duties

*STAFF NOTE: The Behavior Management Unit (BMU) is a special management unit for youth with chronic behavior needs. Generally, the BMU design provides services for youth whose history indicates they need special behavior services, not offered in other living Units or the general population. The placement is likely to be long-term. In some cases, youth will complete the BMU program, be re-classified, and then transferred into the general population; while in other cases a youth may stay in the BMU throughout the Training School commitment. The youth's Treatment Team makes decisions regarding placement in and out of the OMU.*

Staff members complete the Post Order duties, i.e. youth supervision and care, log entries, tracking sheets and file work, while remaining in the Unit day room. One staff member may temporarily conduct duties from the Control Room only when two staff members are on duty and present in the Unit. Duties performed in the Control Room are to be limited to those that do not

relate to direct supervision and care of youth. Staff may not perform general Post order duties from the Control Room.

During the duration of this Post assignment, the staff person shall perform following duties:

- Ensure personal knowledge of current DYS policy, procedure and post orders, which may be found at the following address: [http://www.mdhs.state.ms.us/dys\\_policy.htm](http://www.mdhs.state.ms.us/dys_policy.htm). By signing and dating the shift briefing logbook entry each staff is documenting their knowledge of current DYS policy, procedure and post order of what is required to fulfill Post duties. If a staff member needs greater knowledge of requirements needed to fulfill Post duties, complete a policy review. A policy review includes accessing the DYS web site, finding the relevant or most recent versions of policies and procedures and reading them for understanding. Any staff member who completes a policy review should log the policy review in the unit's logbook. Document the log entry in the Unit logbook with signature, date and time.

Staff may keep paper copies of policies and procedures in the Unit. Paper copies are "unofficial" documents, and may not be the most current, official version. Official policies and procedures are those on the DYS website.

- Carry a suicide cut down kit on one's person at all times while on duty in the unit, and while supervising suicidal youth outside the unit.
- Maintain youth supervision and care of youth during sleep time, consistent with DYS policy

Observe and interact with the youth assigned to the Unit, at all times; investigating any unusual situation. Act proactively to prevent incidents from occurring. Log all unusual activities, any observed unusual behavior, movements, incidents, and injuries in the Unit logbook. Document any observations in the Unit logbook. Document the entry with signature, date and time.
- Conduct 15-minute "skin checks" on each youth and record the count and check time accurately on the appropriate forms. Log the head counts in the Unit logbook. Document the count with signature, date and time.
- Administer the youth Point System ensuring appropriate rewards and consequences, consistent with policy XIII.10: Behavior Modification and policy XIII.7: SMU – BMU.
- Enter youth-related data into the automated Case Management System.

- Communicate with other staff as appropriate using the DYS radio, telephone, and/or computer. Personal cell phones and communication devices may not be present in the Unit.
- Any time the Nurse is distributing medication in the Unit, assign youth to their rooms with the doors open. Organize youth to ensure only one person will visit with the nurse at a time. Assist the nurse by ensuring proper security practices. Log the medication activities that take place in the Unit logbook. Log an evaluative comment on how youth performed during the activity. Document the medication entry with signature, date and time.
- Report all unusual and serious Incidents to the shift supervisor. Complete Incident Report form, as per DYS policy. Log any incidents in the Unit logbook. Document the entry with signature, date and time.

- Inspect the caustic/toxic material cabinet at the beginning and end of each shift. Inventory the cabinet once during each shift, as per DYS Policy VIII.1: Inventory and Control of Hazardous, Caustics, and Toxic Materials. Throughout the shift, keep the caustic/toxic material cabinet and all cleaning supplies locked, except when distributing or storing materials. Complete the "Inventory Sheet" as required by the policy on chemicals and caustics. Log each cabinet inspection in the Unit logbook. Document the log entry with signature, date and time.
- Search the entire Unit thoroughly for contraband during each shift. Log the completion of the searches in the Unit logbook. Document the log entries with signature, date and time. Complete an Incident Report and submit it to the Shift Supervisor prior to the end of the shift.

Log an evaluative comment on how youth behaved during the disturbance and staff intervention. Document the log entry with signature, date and time.

If placing an individual youth on Room Restriction for behavior reasons (can occur for no more than 59 minutes, as per VII.9: Youth Discipline) i.e. youths' behavior is beyond the control of staff, the room door is closed and unlocked. In the event a youth is

Upon return to the Unit, the time returned is added to the exit log entry. Document the entries with signature, date and time.
- Escort and supervise youth during any movement outside the Unit. When there are two (2) direct care staff present during a group movement, one (1) direct care staff is to walk at the rear of the line and the second on the opposite side of the line at the midway point. When only one (1) staff is escorting, the correct position is at the rear of group. Individual staff escort one (1) youth within arm distance.
- Ensure youth comply with the dress code. Inspect youth's attire before any movement out of the Unit. - Before entering the Unit from any area, youth are to be thoroughly pat searched.
- Count all youth when exiting and reentering the Unit or any building. Do not rely on any youth "sound off" counts, but rather visually count each youth and account for any youth missing or excused. Log all counts in the Unit log book and document the entry with signature, date and time.

- DHS direct care staff will, at all times, use appropriate language when speaking to or in the presence of youth.

- DYS direct care staff will provide direction and support to youth without use of threatening statements. Direct care staff will explain options, alternatives, and consequences in a calm and professional manner. Direct care staff will always strive to encourage positive and compliant behavior.
- DYS direct care staff should help youth learn to make pro-social decisions by providing guidance and through positive example.
- DYS direct care staff will always strive to be respectful and courteous to fellow employees and towards youth in our care, even when the direct care staff may face disrespectful conduct.
- DYS direct care staff will always provide for the basic needs of youth in their care, including food, clothing, shelter, medical care and security. DYS direct care staff will not allow these needs to remain unmet, by deliberate inaction or inattention.
