
GED - Pre GED Classes

GED and Pre GED classes are available to students who score at least an 6.0 or higher in reading on the TABE test. Students are placed in classes that focus on successful passing of the official GED test. Upon completion, students are entered into ACT Prep classes that prepare them for the ACT test.

**Opening Doors
To The Future**

Williams School offers all mandatory regular education and special education classes to meet the educational needs of students in grades 5th –12th. Students are assigned a class schedule after consultation with the home schools to ensure that course grades can transfer back to programs offered in the home settings. All teachers instruct from the guidelines set by Mississippi Department of Education Office of Curriculum and Instruction. The majority of teachers at Williams School are also certified in Special Education in an effort to provide maximum benefits to students with disabilities.

Williams School also uses the APEX program to offer online classes for students who need non-traditional course titles.

Mission Statement

It is the mission of Williams School to foster positive, challenging, and career ready learning experiences to our student body on an individual basis as we produce Great Youth.

Our Vision

It is the vision of Williams School to partner with all stakeholders in meeting the unique needs of students while providing a safe, conducive learning environment and a rigorous curriculum with various extracurricular opportunities that enable them to become productive citizens.

Career and Technical Programs

The following Career and Technical classes are offered to the students at Williams School

- Custodial Caretaker
- Carpentry
- Welding
- Small Engine Repair

All teachers at Williams School are certified by Mississippi Department of Education.

All MDE tests are given at Williams School and select students will be allowed to take the ACT.

Williams School is a fully accredited school with the Mississippi Department of Education.
