Division of Youth Services

On behalf of the Mississippi Department of Human Services, the Division of Youth Services is honored to present the 2020 Annual Report. The primary goals of the Mississippi Juvenile Justice System, in conjunction with maintaining public safety is to improve daily living skills, rehabilitation, addressing specific mental and/emotional needs, and successful reintegration of youth into their community. It is our hope that this report will highlight specific trends and aid our state in reducing the number of youths involved in the Mississippi Juvenile Justice System.

The Mississippi Department of Human Services would like for the report to serve as a resource for stakeholders as we seek improvements in our juvenile justice efforts. As highlighted in this report, the intake data for Mississippi remained approximately the same except for 2020, largely due to the COVID-19 pandemic.

Mississippi's juvenile justice stakeholders remain dedicated to improving our juvenile justice system. This is evidenced by the passage of Senate Bill 2282 which amended Miss. Code Ann. §43-21-605 which raised the minimum age of juvenile commitment to the Oakley Youth Development Center from ten (10) to twelve (12).

Through partnerships with other state agencies, youth court judges, and stakeholders, the Mississippi Department of Human Services continues to explore community-based alternatives for youth within our juvenile justice system. Also, by developing relationships with schools, parents, and community partners, we are optimistic that we will see positive outcomes in Mississippi's Juvenile Justice System.
