Second Parent Notification of Special Education IEP/Placement Committee Meeting**

If a parent states that they will attend the IEP meeting and does not, this letter is sent with a Notice of IEP meeting announcing the new date and/or time for the meeting (may be notified by phone). This second meeting should be scheduled in cooperation with the parent. The following letter notifies the parent that unless a change in the meeting date or time is requested, the meeting will be held even though they may not be in attendance. If the parent requests a change in date or time to facilitate their participation, every effort should be made to schedule the meeting at a time that is convenient for all parties. However, the parent should be advised that the meeting will be held. Parents are notified that no change will be made in their child's educational program until they have had an opportunity to review the recommendations of the IEP team.
