Stage changes are based on your ability to identify and maintain your personal values and goals, identify and handle your emotions, and work on obtaining educational and vocational skills.

When your stage changes, you can make some decisions, have greater freedom, and earn opportunities to participate in activities scheduled on the unit, in the institution, or off campus in the community.

If you do not continue to participate in your treatment and educational program and to make progress in reaching your goals, you will not be considered for a stage change. Your treatment team will tell you what you must do in order to apply for a stage change.

*Please answer the following questions before you request a stage change from your treatment team.*

What are some goals from your Service Plan and Daily Point Sheets? Did you achieve them? If not, why not?
