Division of Youth Services

The Division of Youth Services (DYS) administers the community services and institutional programs for juveniles who have been adjudicated delinquent in Mississippi Youth Courts or who are at risk of becoming delinquent. DYS provides professional counseling, probation supervision and related services to children in their home communities, as well as education, rehabilitation and treatment services to children committed to institutional care.

MISSION

The mission of DYS is to provide leadership within the Mississippi Juvenile Justice community to promote change for youth, family units and communities. It operates by creating legitimate, alternative pathways to adulthood through equal access to services that are the least intrusive, culturally sensitive and consistent with the highest professional standards.

VISION

The vision of DYS is that every child experience success in caring families and nurturing communities that cherish children and teach them to value family and community. This vision is guided by the fact that decisions and actions which affect children today, determine their quality of life tomorrow.

COMMUNITY SERVICES PROGRAMS

Goals

- To ensure a balanced approach of accountability, competency development and community safety while providing quality services that addresses the needs of children, their families, individual victims and the community.
- To test the effectiveness of community-based programs on reducing commitments to institutional care.
- To establish multi-agency, cooperative partnerships with local communities.
- To establish uniformity in DYS services, case management practices and procedures.

Services

Probation and After-Care Services are provided to juveniles referred to the Youth Courts in all 82 courts in Mississippi. Individual, group and family counseling, pre-court investigations, case management, referral and placement services are provided by Youth Services counselors.

The Interstate Commission for Juveniles (ICJ) and Child in Need of Supervision (CHINS)], along with the DYS, provides for the welfare and protection of juveniles and the public. Its purpose is accomplished through the cooperative supervision of delinquent juveniles on probation or parole, return of runaways, absconders and escapees, return of juveniles charged as delinquent and additional measures that any two or more party states may find desirable.

Division of Youth Services

INSTITUTIONAL PROGRAMS

Oakley Youth Development Center, located in rural Hinds County, incorporates holistic, therapeutic programs to promote rehabilitation. Oakley serves boys and girls who were adjudicated as delinquent by the Youth Court; courts ordered for commitment and are between the ages of 10 and 17. The psycho-educational program offered is designed to build basic concepts of self-discipline, self-worth, personal responsibility, attention to detail, a sense of urgency and respect for constituted authority.

Goals

- To provide rehabilitative services to at-risk youth and their families.
- To provide public safety to communities.
- To focus on reducing the risk of re-offending.
- To address the specific criminogenic factors causing delinquent behavior.

Intake and Admissions: Staff works through a diagnostic and evaluation protocol which gathers medical, dental, recreational, educational, vocational and psychological data on each student. Students receive a complete physical and full-scale psychological assessment which includes personality profiling, drug and alcohol abuse risk questionnaire, suicide risk assessment, achievement testing and a trauma risk assessment tool called the Trauma Symptom Checklist for Children.

Mental Health and Rehabilitative Programs: Individual and Group Therapy counseling provide Dialectical Behavior Therapy (DBT), Cognitive Behavior Therapy (CBT), social skills development, character education, anger management, sex education that includes information on sexually transmitted diseases and abstinence, drug and alcohol awareness, character education, sexual offender counseling and psycho-correctional skills. The Honors Program (HP) is a voluntary program for eligible youth which combines specialized classes with work projects designed to benefit other youth at the facility and the public. The program allows youth to participate in the election process, contribute to the local community and learn to preserve the environment. Youth attend special classes, participate in the student government, which helps direct the program activities, engage in work projects both on the Oakley campus and the in local community and earn additional privileges, both on-campus and off.

Academic and Vocational Programs: Students are placed in academic and vocational classes at Williams School on the Oakley campus according to their previous school placement and additional educational evaluation. This enables students to continue their educational advancement during their commitment. DYS' non-public school is accredited by the Mississippi Department of Education to provide a curriculum in conformity with the DYS mission and accreditation requirements.

- Local Area Network (LAN) Computer Labs provide remedial, job interest assessment and cognitive development, facilitated by the Cognitive Development Program.
- Electronic classrooms allow students to experience "virtual" field trips and view satellite downlinks of various programs.
- Williams School has a licensed library/media specialist who provides instructional planning and delivery assistance to students and teachers.
- GED Preparation and Testing is offered to eligible students.
- ACT® preparation and testing is offered to students who have graduated or earned a GED.
- Career Technical Education funds and grants are used to provide programs such as Welding, Carpentry, Small Engine Repair, Auto Body Repair, Basic Business Computer and Custodial Maintenance.

Division of Youth Services

- Students can receive Serve Safe Certification through the Jobs for Mississippi Graduates Program.
- Students who are eligible can take the ASVAB test.
- A majority of the teachers are dual certified in their subject areas and Special Education.
- Students take their state test (SATP and MAAP), while enrolled in the Williams School.

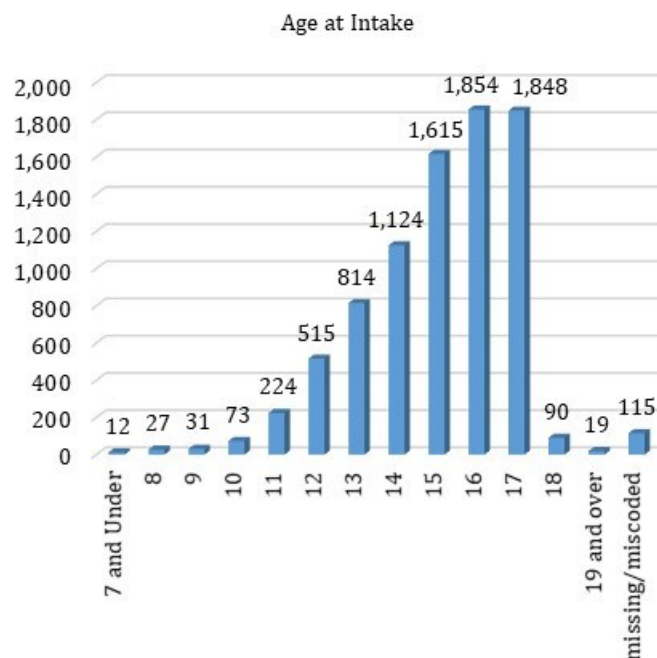

Cooperative Programs: Wishing to expand services for the youth of Mississippi the Division has undertaken programs with organizations outside the agency. These services reach youth both in the Institution as well as within the Community.

Juvenile Justice – Translational Research on Intervention for Adolescents (JJ-TRIALS): This research project funded through the National Institute of Drug Abuse (NIDA) part of the National Institute of Health (NIH) is a five year cooperative agreement involving six research sites selected by NIDA. Mississippi is one of the research centers, specifically Mississippi State University with the primary researcher Dr. Angela Robertson. The Division of Youth Services is the juvenile justice partner on the project. The primary goal is to provide insight into the current state of HIV and substance use prevention and treatment services delivery within the juvenile justice system. To help improve the delivery of evidence-based practices addressing prevention and treatment services targeting substance use and HIV behaviors in community based juvenile justice settings, and to advance the implementation science.
