SECTION 2

2.1 Purpose

The purpose of this RFP is to solicit written proposals for the hiring of a qualified Respondent or Respondents that can most effectively and cost efficiently provide Child Support Enforcement (CSE) services for Title IV-D cases administered through MDHS, Division of Child Support Enforcement (DCSE), an agency of the State of Mississippi. Based upon proposal(s) received, MDHS intends to evaluate and award a contract(s) for the state-wide provision of Child Support Enforcement Services for all eighty-two (82) counties in the State of Mississippi based on the MDHS CSE Regions as provided in Attachment G. However, to suit the best interests of the State, MDHS hereby reserves the right to award one (1) or more than one (1) contract to responsive and responsible Respondents to provide CSE services regionally as determined by MDHS. Potential Respondents shall submit a single proposal to provide CSE services state-wide and on a regional basis based on the attached exhibit which MDHS reserves the right to modify with the understanding that any responsive and responsible proposal is subject to further negotiation by MDHS. It is understood that any contract(s) resulting from this RFP will require approval by MDHS, MS Attorney General's Office and the MS State Personnel Board. If any contract(s) resulting from this RFP is not approved by MDHS, MS Attorney General's Office and MS State Personnel Board, it is void and no payment shall be made.

The child support program, established by Congress in 1975 as Title IV-D of the Social Security Act, mandates that states enact laws and carry out required functions to ensure that legally responsible persons, to the best of their ability, contribute toward the support of their children. The program serves both children in families receiving cash welfare grants, such as TANF (Temporary Assistance for Needy Families), which provides relief to taxpayers by reducing welfare costs, and children in non-welfare families, regardless of family income level, thus preventing such families from future dependence on welfare. Child support collected on behalf of TANF families is shared by the Federal and State governments except to the exception the State of Mississippi adopts any pass-through program as authorized pursuant to 42 U.S.C. §657(a)(6) to reimburse those governments for TANF public assistance payments previously made to the family. Child support

collected for non-TANF families is distributed to these families to help them remain self-sufficient.

MDHS, DCSE, operates the Child Support program for the State of Mississippi. Mississippi Code Annotated Section 43-19-31 et seq. (1972) authorizes the Division of Child Support to operate the program. Currently, all eighty-two (82) counties are served by a contractor who operates twenty-four (24) offices across the state, which includes a central case processing center and a customer service center.

The Respondent shall operate a child support program which complies with the standards set forth in:

- This RFP/Contract;
- Title IV-D of the Social Security Act, as amended;
- Title 45, Code of Federal Regulations;
- Mississippi State law and regulations;
- Mississippi Rules of Civil Procedure, Mississippi Rules of Court, and Local Rules of Court; and
- MDHS program policies, procedures and directives.

All State audits and reviews will be conducted under the standards set forth in the documents listed above. Failure to comply with the standards in these documents may result in contract termination. Respondent shall, on its own initiative and at its own cost, keep fully informed about all Federal and State laws, all regulations and all orders and decrees from bodies or tribunals having any jurisdiction or authority that in any way affects those engaged or employed in child support legal services, or in any way affects the conduct of child support legal services.

Customer Service is paramount to MDHS. Contractor shall maintain and ensure best practices are applied to coincide with the MDHS mission of providing quality services in a responsive manner to those Mississippians served.

Federal and State statutes and regulations govern the program. These mandates set performance standards for quantity and quality of work. Failure to meet these requirements may result in large penalties to the State. Certain other legal responsibilities are established, such as duties of confidentiality. **The potential Contractor(s) shall be subject to these same requirements and will assume liability for Federal or State penalties due to potential Contractor performance issues or breach of confidentiality requirements as determined by MDHS.**

1. Applicable Law. The contract shall be governed by and construed in accordance with the laws of the State of Mississippi, excluding its conflicts of laws, provisions, and any litigation with respect thereto shall be brought in the courts of the State. Contractor shall comply with applicable Federal, State, and local laws and regulations.
2. Approval Clause. It is understood that if this contract requires approval by the MS Attorney General's Office (AGO) and MS State Personnel Board (SPB) and this contract is not approved by the MS AGO and/or MS SPB, it is void and no payment shall be made hereunder.
3. Availability of Funds. It is expressly understood and agreed that the obligation of MDHS to proceed under this agreement is conditioned upon the appropriation of funds by the Mississippi State Legislature and the receipt of State and/or Federal funds. If the funds anticipated for the continuing fulfillment of the agreement are, at any time, not forthcoming or insufficient, either through the failure of the Federal government to provide funds or of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided or if funds are not otherwise available to MDHS, MDHS shall have the right upon ten (10) working days written notice to Contractor, to terminate this agreement without damage, penalty, cost or expenses to MDHS of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination.
4. Compliance with Laws. Contractor understands that MDHS is an equal opportunity employer and therefore, maintains a policy which prohibits unlawful discrimination based on race, color, creed, sex, age, national origin, physical handicap, disability, genetic information, or any other consideration made unlawful by Federal, State, or local laws. All such discrimination is unlawful and Contractor agrees during the term of the agreement that Contractor will strictly adhere to this policy in its employment practices and provision of services. Contractor shall comply with, and all activities under this agreement shall be subject to, all applicable Federal, State of Mississippi, and local laws and regulations, as now existing and as may be amended or modified.
5. E-Payment. Contractor agrees to accept all payments in United States currency via the State of Mississippi's electronic payment and remittance vehicle. MDHS agrees to make payment in accordance with Mississippi law on "Timely Payments for Purchases by Public Bodies," which generally provides for payment of undisputed amounts by MDHS within forty-five (45) days of receipt of invoice. Mississippi Code Annotated § 31-7-301 *et seq.*
6. Compliance with Mississippi Employment Protection Act (MEPA). Contractor represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act (Senate Bill 2988 from the 2008 Regular Legislative Session) and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State

of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Contractor agrees to maintain records of such compliance and, upon request of the State of Mississippi and approval of the Social Security Administration or Department of Homeland Security, where required, to provide a copy of each such verification to the State. Contractor further represents and warrants that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi. Attorney/ Law Firm understands and agrees that any breach of these warranties may subject Contractor to the following: (a) termination of this Agreement and ineligibility for any state or public contract in Mississippi for up to three (3) years, with notice of such cancellation/termination being made public, or (b) the loss of any license, permit, certification or other document granted to Contractor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. In the event of such termination/cancellation, Contractor would also be liable for any additional costs incurred by the State due to contract cancellation or loss of license or permit.

7. Insurance. The Contractor represents that it will maintain workers' compensation insurance which shall inure to the benefit of all Contractor's personnel performing under this contract, comprehensive general liability insurance, legal malpractice insurance and employee fidelity bond insurance. The Contractor will furnish MDHS a certificate of insurance providing the aforesaid coverage, prior to the commencement of performance under this Agreement.
8. Paymode. Payments by state agencies using the State's accounting system shall be made and remittance information provided electronically as directed by the State. These payments shall be deposited into the bank account of Contractor's choice. The State may, at its sole discretion, require Contractor to electronically submit invoices and supporting documentation at any time during the term of this Agreement. Contractor understands and agrees that the State is exempt from the payment of taxes. All payments shall be in United States currency.
9. Requirements Contract. During the period of the contract, Contractor shall provide all the service described in the contract. Contractor understands and agrees that this is a requirements contract and that MDHS shall have no obligation to Contractor if no services are required. Any quantities that are included in the scope of work reflect the current expectations of MDHS for the period of the contract. The amount is only an estimate and Contractor understands and agrees that MDHS is under no obligation to Contractor to buy any amount of the services as a result of having provided this estimate or of having any typical or measurable requirement in the past. Contractor further understands and agrees that MDHS may require services in an amount less than or in excess of the estimated annual contract amount and that the quantity actually used, whether in excess of the estimate or less than the estimate, shall not give rise to any claim for compensation other than the total of the unit prices in the contract for the quantity actually used.

10. Termination for Convenience.

- a. *Termination.* The MDHS Executive Director or designee may, when the interests of the State so require, terminate this contract in whole or in part, for the convenience of the State. The MDHS Executive Director or designee shall give written notice of the termination to Contractor specifying the part of the contract terminated and when termination becomes effective.
- b. *Contractor's Obligations.* Contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination Contractor will stop work to the extent specified. Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The MDHS Executive Director or designee may direct Contractor to assign Contractor's right, title, and interest under terminated orders or subcontracts to the State. Contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

11. Termination for Default.

- a. *Default.* If Contractor refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract or any extension thereof, or otherwise fails to timely satisfy the contract provisions, or commits any other substantial breach of this contract, the MDHS Executive Director or designee may notify Contractor in writing of the delay or nonperformance and if not cured in ten (10) days or any longer time specified in writing by the MDHS Executive Director or designee, such officer may terminate Contractor's right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the MDHS Executive Director or designee may procure similar supplies or services in a manner and upon terms deemed appropriate by the MDHS Executive Director or designee. Contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.
- b. *Contractor's Duties.* Notwithstanding termination of the contract and subject to any directions from the procurement officer, Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of Contractor in which the State has an interest.
- c. *Compensation.* Payment for completed services delivered and accepted by the State shall be at the contract price. The State may withhold from amounts due Contractor such sums as the MDHS Executive Director or designee deems to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders and to reimburse the State for the excess costs incurred in procuring similar goods and services.
- d. *Excuse for Nonperformance or Delayed Performance.* Except with respect to defaults of subcontractors, Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if Contractor has notified the MDHS Executive Director or designee within 15 days after

the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, Contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit Contractor to meet the contract requirements. Upon request of Contractor, the MDHS Executive Director or designee shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, Contractor's progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the State under the clause entitled in fixed-price contracts, "Termination for Convenience". (As used in this Paragraph of this clause, the term "subcontractor" means subcontractor at any tier).

- e. *Erroneous Termination for Default.* If, after notice of termination of Contractor's right to proceed under the provisions of this clause, it is determined for any reason that the contract was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (4) (Excuse for Nonperformance or Delayed Performance) of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause.
 - f. *Additional Rights and Remedies.* The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.
12. Trade Secrets, Commercial and Financial Information. It is expressly understood that Mississippi law requires that the provisions of this contract which contain the commodities purchased or the personal or professional services provided, the price to be paid, and the term of the contract shall not be deemed to be a trade secret or confidential commercial or financial information and shall be available for examination, copying, or reproduction.
13. Transparency. This contract, including any accompanying exhibits, attachments, and appendices, is subject to the "Mississippi Public Records Act of 1983," and its exceptions. See Mississippi Code Annotated §§ 25-61-1 *et seq.* and Mississippi Code Annotated § 79-23-1. In addition, this contract is subject to the provisions of the Mississippi Accountability and Transparency Act of 2008. Mississippi Code Annotated §§ 27-104-151 *et seq.* Unless exempted from disclosure due to a court-issued protective order, a copy of this executed contract is required to be posted to the Department of Finance and Administration's independent agency contract website for public access at <http://www.transparency.mississippi.gov>. Information identified by Contractor as trade secrets, or other proprietary information, including confidential vendor information or any other information which is required confidential by State or Federal law or outside the applicable freedom of information statutes, will be redacted.

13. Non-Assignment and Subcontracting. MDHS will not be independently obligated or liable under this Agreement to any party other than the Contractor named herein. Said Contractor understands and agrees that it shall not assign, transfer, delegate or subcontract with respect to any of its rights, benefits, obligations, interests or duties under this Agreement without the prior written consent of MDHS and the Office of the Attorney General.
14. Severability. It is understood and agreed by the parties hereto that if any part, term or provision of this Agreement is by the courts or other judicial body held to be illegal or in conflict with any law of the State of Mississippi, the validity of the remaining portions or provisions shall not be affected and the obligations of the parties shall be construed in full force as if the Agreement did not contain that particular part, term, or provision held to be invalid.
15. Modification or Amendment. Modifications or amendments to this Agreement may be made upon mutual Agreement of the parties, in writing signed by the parties hereto and approved as required by law.
16. Non-Waiver of Breach. No assent, expressed or implied, by the parties hereto to the breach of the conditions of this Agreement shall be deemed or taken to be a waiver of any succeeding breach of the same or any other provision or condition and shall not be construed to be a modification of the terms of the Agreement.
17. Record Retention and Access to Records. Provided Contractor is given reasonable advance written notice and such inspection is made during normal business hours of Contractor, the State or any duly authorized representatives shall have unimpeded, prompt access to any of Contractor's books, documents, papers, and/or records which are maintained or produced as a result of the project for the purpose of making audits, examinations, excerpts, and transcriptions. All records related to this agreement shall be retained by Contractor for three (3) years after final payment is made under this agreement and all pending matters are closed; however, if any audit, litigation or other action arising out of or related in any way to this project is commenced before the end of the three-year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the three-year period, whichever is later.
18. Indemnification. To the fullest extent allowed by law, Contractor shall indemnify, defend, save and hold harmless, protect, and exonerate MDHS, its commissioners, board members, officers, employees, agents, and representatives, and the State of Mississippi from and against all claims, demands, liabilities, suits, actions, damages, losses, and costs of every kind and nature whatsoever including, without limitation, court costs, investigative fees and expenses, and attorney's fees, arising out of or caused by Contractor and/or its partners, principals, agents, employees and/or subcontractors in the performance of or failure to perform this agreement. In the State's sole discretion, Contractor may be allowed to control the defense of any such claim, suit, etc. In the event Contractor defends said claim, suit, etc., Contractor shall use legal counsel acceptable to the State. Contractor shall be solely responsible for all costs and/or expenses associated with such defense, and the State shall be entitled to participate in said defense. Contractor shall not settle any claim, suit, etc. without the State's concurrence, which the State shall not unreasonably withhold.

19. Contractor Personnel. MDHS shall, throughout the life of the contract, have the right of reasonable rejection and approval of staff or subcontractors assigned to the work by Contractor. If MDHS reasonably rejects staff or subcontractors, Contractor must provide replacement staff or subcontractors satisfactory to MDHS in a timely manner and at no additional cost to MDHS. The day-to-day supervision and control of Contractor's employees and subcontractors is the sole responsibility of Contractor.
20. Ownership of Documents and Work Papers. MDHS shall own all documents, files, reports, work papers and working documentation, electronic or otherwise, created in connection with the project which is the subject of this agreement, except for Contractor's internal administrative and quality assurance files and internal project correspondence. Contractor shall deliver such documents and work papers to MDHS upon termination or completion of the agreement. The foregoing notwithstanding, Contractor shall be entitled to retain a set of such work papers for its files. Contractor shall be entitled to use such work papers only after receiving written permission from MDHS and subject to any copyright protections.
21. Disclosure of Confidential Information. In the event that either party to this agreement receives notice that a third party requests divulgence of confidential or otherwise protected information and/or has served upon it a subpoena or other validly issued administrative or judicial process ordering divulgence of confidential or otherwise protected information that party shall promptly inform the other party and thereafter respond in conformity with such subpoena to the extent mandated by law. This section shall survive the termination or completion of this agreement. The parties agree that this section is subject to and superseded by Mississippi Code Annotated §§ 25-61-1 *et seq.*
22. Care of Data. The Contractor shall take all steps necessary to safeguard any data, file, report or other information from loss or destruction. Any cost or expenses of replacing or damage resulting from the loss of such data shall be borne by the Contractor.

24.7) MDHS shall impose liquidated damages for Respondent's failure to correct the cited deficiencies within the corrective action period. To the extent such failure is beyond the control of the Respondent, as determined by MDHS, liquidated damages shall not be imposed. 24.10) If payment from the Respondent is insufficient to satisfy the damages owed or upon contract termination, payment of liquidated damages amounts imposed shall be due from the Respondent within thirty (30) calendar days of MDHS' written demand for payment. Such demand shall not preclude MDHS from further offsets.

24.11) MDHS reserves the right to waive certain damages at its discretion; waiver by MDHS of any particular damages shall not constitute the future waiver of such damages, nor will it constitute a modification of the contract.

The Respondent will have five (5) business days to prepare a response for each cited case on the report. MDHS will review the responses and issue a final report.

25.4) MDHS will use the final report to determine the number of inquiries or complaints subject to liquidated damages. These liquidated damages shall be withheld from Respondent's monthly invoice the following month. Imposition of such liquidated damages shall not preclude contract termination.

25.5) Liquidated damages shall not be assessed or imposed under this Section until three (3) months after contract execution except in the event the incumbent vendor is awarded a contract. Liquidated damages described in 2.3.6.12 shall not exceed 10% of the total charges invoiced for the month damages are assessed.

25.6) If payment from the Respondent is insufficient to satisfy the damages owed or upon contract termination, payment of liquidated damages amounts imposed shall be due from the Respondent within thirty (30) calendar days of MDHS' written demand for payment. Such demand shall not preclude MDHS from further offsets.

25.7) MDHS reserves the right to waive certain damages at its discretion; waiver by MDHS of any particular damages shall not constitute the future waiver of such damages, nor will it constitute a modification of the contract.

Any such money withheld for liquidated damages is forfeited by the Respondent and retained by MDHS.

ATTACHMENT H - Budget Breakdown Instructions
MDHS Child Support Enforcement Services
MDHS RFP No. 20201201

MDHS provides the following "Budget Breakdown Instructions" to assist Respondents in preparing their "FIXED COST PER MONTH" pursuant to the requirements outlined in Sec. 4.1.6 of the RFP. Respondents shall complete the spreadsheets included herein as Attachment H based on the instructions outlined below. Respondents shall also sign and date each spreadsheet within this Attachment H. These forms must be signed by an individual that is authorized to bind the Respondent to prices represented in this attachment. Respondents shall not alter or request to alter the spreadsheets included with this Attachment H.

Respondents are required to complete an Attachment H (inclusive of all spreadsheets) for each MDHS CSE Service Region where Child Support Enforcement services will be provided - (e.g., North Region, South Region, and Statewide)

The Budget Breakdown and Subcategory Breakdown sheets shall be used to reflect and calculate Respondent's "FIXED COST PER MONTH." Please follow these instructions to properly complete the spreadsheets included as Attachment H:

- 1) All costs proposed in each category must be entered in full dollar amounts without cents.
- 2) All costs must reflect the actual price MDHS will pay for either the item or service included as part of each category.
- 3) All "SUBTOTAL COSTS" and "TOTAL COSTS" will be calculated automatically. Respondents shall not enter amounts designated as "SUBTOTAL COSTS" or "TOTAL COSTS."
- 4) For any costs proposed by Respondent for any category at "No Cost" to MDHS shall be entered as a value of "\$0.00."
- 5) Each blank field designated for a specific budget category shall be filled in by Respondent.
- 6) Respondent shall not enter any data on any Attachment H spreadsheet that alters or proposes contingencies on costs represented by Respondent. **Any alterations or proposed contingencies could cause Respondent's proposal to be deemed non-responsive and not considered for further evaluation.**
- 7) Costs represented by Respondent within the Attachment H spreadsheets shall be considered accurately calculated. MDHS assumes no responsibility for Respondent errors in calculations. Any Respondent errors in calculations could cause Respondent's proposal to be deemed non-responsive and not considered for further evaluation.
- 8) All Respondent costs provided in these spreadsheets shall be full-loaded to include any and all associated costs to provide services as required within this RFP.
- 9) MDHS does not guarantee a minimum or maximum amount of usage in performing the required services of a resultant contract.
- 10) Respondent is required to complete the following fields at the top of each spreadsheet: "Respondent Organization" = legal name of your company; "MDHS CSE Service Region" = North, South, or Statewide.
- 11) **Respondent's failure to abide by these instructions could cause Respondent's proposal to be deemed non-responsive and not considered for further evaluation.**
