portal!

Attendance on both dates, every week, for all nine modules is mandatory for completion of the course. Registration is contingent on space and acceptance into the program. Applications will be received through June 19th.

Earning Your Credential Will:

- Equip participants with the specialized leadership skills and operational expertise.
- Allow participants to master core competencies in child development, essential business practices, personnel and operations management.
- Empower participants to mentor staff effectively and build trust-based relationships with families.
- Elevate each participant's professional standing and establish recognition as a leader in the field of early childhood education.
